# VISION

Our prior VISION is mainly to be an integral and reliable service partner at first for European companies in the fields of production and logistics, so you can focus on your core business and do not waste time. After fulfilling all your needs and completing our services quickly, precisely and with full satisfaction, we want to prevent our customers from losing unnecessary effort and time. To ensure the satisfaction of our customers, we must ensure that there is a reliable, qualified and motivated team behind them.

# MISSION

OUR MISSION is to always provide responsible and reliable employees and to encourage them continuously. In addition, it is very important for us to provide all the tools necessary for our company to develop further in terms of new locations and facilities, to ensure the development, promotion and implementation of new products and processes in the fields of IT and technology.

OUR REAL VALUES are to provide outstanding and motivated employees. Besides, our most important value is to carry out business activities through equity, fairness and mutual recognition. We take responsibility for all our actions together. Our greatest passion is the continuous improvement of all technical, process-based and performance-related areas of production and logistics!

---

# SERVICES

**DO YOU NEED SPACE?**

**WE ACCOMPLISH SPACE!**

**YOU ARE EXPANDING?**

**WE SCALE!**

Many manufacturing companies already know Outsource24's comprehensive and reliable services and are very satisfied. Save unnecessary efforts and costs and take advantage of our loyalty, reliability, quality and delivery reliability!

**- OUTSOURCE24 – ONE SOURCE FOR ALL SERVICES!**

## **OUTSOURCING PLACE OF PRODUCTION**

OUTSOURCE24 takes on individual production steps responsibly for you and partially or completely controls your production lines according to your wishes. Our production and logistics areas, our motivated employees and multi-layered capacity, with a sufficient and expansive capacity for your machines and goods, guarantee the full implementation of your production, your high performance promises and delivery reliability in accordance with the quality specifications.

## **CLEANING AND LABEL REMOVAL OF CRATE & BOXES (KLT, GLT) AND ACCESSORIES**

With the help of our modern and environmentally friendly continuous cleaning system, we ensure professional cleaning of crates, lids, trays, product containers and coils. And we guarantee you a hygienic and perfect cleaning result. We clean the labels or other dirt without residue. Large load carriers, plastic pallets and pallet end covers are also cleaned without any problems. Of course, we collect, clean and store your dirty or unnecessary crates and boxes with our own fleet. We ship your containers directly to you or to suppliers across the country or across Europe.

## **PRODUCTION AREA AND MACHINE PARK CLEANING**

Cleaning and maintenance of machinery and systems, such as lubrication or re-lubrication, or cleaning of production and storage areas. OUTSOURCE24 offers an efficient and professional cleaning understanding with qualified personnel.

## **ASSEMBLY**

OUTSOURCE24 undertakes the production of individual components and the complete assembly of components. From single parts to serial parts, it provides reliable and flexible purchasing and supply, assembly and production, as well as quality control and all logistics.

## **FULFILLMENT E- FULFILLMENT**

OUTSOURCE24 defines itself as an experienced and reliable supply service provider. And it makes itself an excellent partner to facilitate your small business or main business and ensures high customer satisfaction. You just focus on your business and create new products and brands; we will do the rest for you! We are happy to take over your partial processes optimized for all mail order processing, logistics and even your wishes, or to do packaging and storage, as well as return management, disposal and of course much more.

## GRINDING AND DEBURRING

OUTSOURCE24 removes burrs and cleans them gently, saving unnecessary effort and cost. We get excellent results by removing plastic parts, pipes or metal edges from burrs. We also achieve an effective and transparent result for your parts based on various deburring and grinding techniques.

## INSTALLATION AND SOLDERING

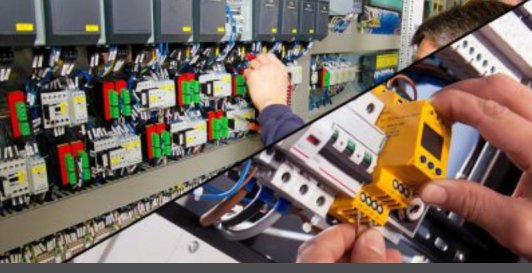

With its trained staff, OUTSOURCE24 successfully assembles your components from small to large series for you and offers precise soldering services with skillful hands.

## CABLING

The functionality and reliability of each connection is the basis for a system's stable and process-oriented operation. OUTSOURCE24 offers you high production quality, professionalism and reliable, flexible service. With solid craftsmanship, many years of knowledge, innovative thinking and trained staff, we reliably solve any complexity. Whether it's single-stranded, crimped, connecting cables or harnesses - we do this precisely, competently, accurately and timely to your satisfaction.

## ELECTRIC SWITCH CABINETS AND CONTROL CABINS WIRING AND INSTALLATION

OUTSOURCE24, şalter dolaplarının ve kontrol panolarının kablolamasını ve montajını yetkin ve güvenilir bir şekilde yapar. İster tek seferlik ister seri üretim olsun - isteklerinize ve devre şemalarınıza göre, güvenli montaj ve işlev sağlar. Klasik son işlemlere - (finişlere) ek olarak, ara parçaları, kablo kanalları vb. ile montaj plakası düzeneği gibi ön montaj da gerçekleştirilebilir. Endüstriyel koşullarımızda malzemenin satın alınmasını üstlenmekten mutluluk duyuyoruz. Sadece öylemeniz yeterli!

## SAWING

OUTSOURCE24 allows you to cut your aluminum and steel products dimensionally from small to large series accurately. With our saw benches, we can easily fulfill your wishes, from the smallest sections to long profiles.

## QUALITY CONTROL

OUTSOURCE24 offers reliable and precise quality control for the quality assurance of your products. With our knowledge and professional quality solutions, we identify weak spots, minimize material waste and reduce unnecessary costs. For this purpose, we have specially trained teams that perform high-quality and precise controls. Whether single user controls, measurement controls, test indicators or optical controls, you will find the best solution for your quality assurance. In problematic situations, OUTSOURCE24 will take over the finishing of defective products flexibly and reliably. If you request all of this, we can do this at your location or at the workplaces of your customers after the transaction.

## **PICKING AND PACKING**

As a familiar external partner, OUTSOURCE24 fulfills all your individual needs and wishes in the field of packaging and order picking. Assembly of sales screens or creation of sets or packaging or shipping of various products or bubble packaging and more. We always have customized solutions!

## **REPACKAGING, CO-PACKING AND BOTTLING**

OUTSOURCE24 undertakes complete transportation in the fields of outer packaging, contract packaging and bottling. With our expertise and qualified staff, we undertake your special packaging and bottling works. We guarantee you the highest level of preparation and quality and the highest level of adherence to delivery dates and deadlines. Increase your flexibility and focus on your core business, research and marketing. Let us do the rest!

## **PERSONNEL SERVICES & HUMAN RESOURCES**

OUTSOURCE24's comprehensive service portfolio also offers you the most suitable and individual personnel solutions. Optimize your recruitment with us. Thanks to our long years of knowledge and large reference pools, we always have the right staff for you.

## ON-SITE SOLUTIONS

With on-site solution, OUTSOURCE24 is responsible for all personnel, production and logistics processes in your area. It takes responsibility in all processes from recruitment to product processing and managing a department, marketing and distribution or sending the product to the end customer. With our own staff and fleet, we offer you tailor-made, on-site solutions.

## CUSTOMER SOLUTIONS

Because of our long-term and close cooperation with a large number of customers from various industries, OUTSOURCE24 has strong industry knowledge and skills that go far beyond the known range of classical services. We offer you efficient and innovative optimization options and reliable solutions for your processes.

*A COOPERATION WITH US MEANS FOR YOU A COOPERATION WITH A VERY STRUCTURED AND WELL ORGANIZED COMPANY, WHICH OPERATES ON A HIGH QUALITY LEVEL.*

## LOGISTICS AND TRANSPORTATION

OUTSOURCE24 offers you comprehensive logistics and shipping services. We offer reliable and efficient solutions for distribution, supply and production logistics. We always have ample storage for your products and goods. OUTSOURCE24 offers you a lot of additional services for storage, for example:

- Delivery your goods directly with barge to our warehouse (unload and loading Container unloading)
- FTL-LTL-parcel service
- Distribution logistics
- Customs clearance
- Sorting
- Packing
- Labeling
- Batch shipment management
- FIFO (First - in - First - Out) (Inventory management)
- Minimum durability tracking
- Empties management like pallets, crates etc. (collection, cleaning, storage, return after order)

Consumer goods, small markets or goods (textile products) and printing centers, small parts logistics (automotive) and long goods logistics (steel / aluminum profiles) and medicines and dangerous goods (ADR)- We know these requirements very well in all industries. Just place your order, we'll take care of the rest!

- Factory traffic
- Supply
- Direct branch deliveries, time frame reservations (like mercareon), just-in-time (JiT) and just in sequence (JiS) delivery to distribution centers.
- Collection and disposal of returned or old devices (B2B or B2C)
- Delivery to end customers / private customers (e-commerce) and much more

Whether it's factory transportation or small shipments, partial or full loads or general cargo, OUTSOURCE24 offers full loading space wherever and whenever you need it. In OUTSOURCE24, you have a personal customer relations assistant for all matters related to logistics. We offer you the best information flow and excellent service quality. With its own vehicle fleet and specially selected strong network partners, OUTSOURCE24 delivers your shipments safely and on time to destinations primarily Europe, Eurasia and Arabic countries.

# QUALITY

Our process flows designed for long-term cooperation are based on a strict and uninterrupted quality management system.

**DIN EN ISO 9001: 2015<sup>[1]</sup>**

Our primary goal is to ensure the continuous quality of our various services.

We would like to express that we constantly improve our services and processes with our quality policy.

OUTSOURCE24 has developed a system according to DIN EN ISO 9001: 2015 for the industrial services industry and uses this system effectively. This system includes the following priorities:

**LOGISTIC**

**QUALITY CONTROL**

**MARKETING & DISTRIBUTION**

**ASSEMBLY**

**CRATE WASHING**

**DEBURRING**

**PACKAGING**

**SORTING**

[1] QUACERT certificates are valid for our facility in Düsseldorf.
